

New Product Press Release – Immediate Release:

VajraSoft Inc. announces the launch of new IP product – IPWayz Provisional

Independent Inventors and Start-ups can now quickly prepare and submit provisional patent applications online

Dublin/Fremont, CA – July 09, 2015

VajraSoft Inc., Intellectual Property Management Software Application Products and Solutions Development Company based in Silicon Valley, Dublin, CA – has launched the latest intellectual property product – **IPWayz**™ to help customers *prepare and submit provisional patent applications* and realize earliest priority date, patent pending status and broadly get IP protection faster.

“Leveraging IPWayz, independent inventors, start-ups and businesses can prepare and file provisional patent applications in matter of minutes. Customers can create provisional patent applications ahead of time as part of executing global IP Protection strategy” said Kameshwar Eranki, CEO VajraSoft Inc. “The do-it-yourself, self-service application for creating and filing provisional patent applications and reduce operational costs, save time and increase productivity” added Kamesh Eranki. Independent Inventors, Start-up executives, Corporations – Patent Attorneys, IP Executives can fast track the patent filing process and get earliest priority date and patent pending status faster and reduce costs.

This automation is first of its kind and in-line with VajraSoft Inc.’s strategic objective and thought leadership in delivering end-to-end Intellectual Property business services worldwide and help customers to manage their innovations and accelerate their IP’s to market” added Kamesh Eranki.

About IPWayz™ Provisional

IP Cost-O-Meter for Salesforce automates global Patent filing Cost Estimation, and empowers Business to easily make foreign, national filing decisions and gain business advantage. IP Cost-O-Meter puts an end to spreadsheets for creating any cost estimate quotes. Using IP Cost-O-Meter for Salesforce businesses can also make IP budget forecasts to maintain global patent portfolio as well as planning for future patent filings and making strategic IP investments for business. Patent Attorneys, Legal, IP Executives & Managers can use IP Cost-O-Meter to automatically generate global patent filing cost estimates.
