### **VajraSoft Inc. announces the launch of new IP product – PPH Automation™**

*Businesses can now manage patent applications online and fast track patent prosecution process for IP Protection*

**Dublin/Fremont, CA – January 06, 2014**

VajraSoft Inc., Intellectual Property(IP) Management Software Application Products and Solutions Development Company based in Dublin/Fremont, SF Bay area, CA – has launched the latest product – **Patent Prosecution Highway Automation – PPH Automation™** to help customers create, manage, submit patent application forms online and fast track the patent examination of the applications and realizing IP protection faster.

Adopting PPH Automation™, "Customers can fast track the patent prosecution process. They can prepare, assemble, submit pdf forms, that is, patent application forms online along with related documents, track all the correspondence with patent office, and archive all documents and retrieve them as and when needed" said Kamesh Eranki, CEO VajraSoft Inc. Corporations – Patent Attorneys, IP Executives can fast track the patent examination process and get patents faster, increase efficiency and reducing costs.

PPH Automation™ provisions USPTO EFS-Web fillable form documents for customers to submit to USPTO online as well as saving the information into PPH Automation database. "PPH Automation™ accelerates patent examination process, right from preparation, assembly and submission process providing faster *Time-To-Value* and improving the efficiency. This automation is first of its kind and in-line with VajraSoft Inc.'s strategic objective and thought leadership in delivering end-to-end Intellectual Property (IP) business services worldwide and help customers to manage their innovations and monetize IP's" added Kamesh Eranki.

The integrated iDox™ allows customers manage all the documents – pdf's submitted to patent office. Along with the USPTO Non-PCT application forms, PPH Automation™ provisions Patent Cooperation Treaty (PCT) – PPH patent application forms as well. Businesses can now accelerate patent prosecution process and get the approvals faster and reduce costs.

### **About PPH Automation™**
