Find the Capital you need to

Accelerate Innovations from Lab to Market

### Introduction

IP TechMatch™ provides information on DoD Department of Defense's Research & Development Opportunities.

IP TechMatch provides you access to Federal Business Opportunities (FBO), Federal Grant opportunities and SBIR / STTR opportunities, all in one place. IP TechMatch offers three packages, options. These include: *Standard Package, Gold Package and Diamond package.*

Trial users have the option to upgrade to any of these packages.

### Why IP TechMatch?

SBIR/STTR Opportunities help you find the capital you need to bring your innovations to market. The Small Business Innovation Research (SBIR) program is a highly competitive program that encourages domestic small businesses to engage in Federal Research and Development (R&D) that has the potential for commercialization. SBIR enables small businesses to explore their technological potential and provides the incentive to profit from its commercialization.
